Fabric: 100% polyester twill, Color: navy, to match the original Eiseman-Ludmar sample, and must be completely color fast both fabric, and embroidery yarn. (Finished product should be dry-cleaned to preserve crisp press.) The fabric is to be laminated to a non-woven interfacing to provide sufficient body and hold the press.

Insignia: All rank insignia to be embroidered in Permagold thread to match U.S. Navy shade standard. Sufficient underlay and stitch density to prevent any ground fabric from showing through embroidery, and to provide thick, dense appearance as per Eiseman-Ludmar standard.

Dimensions: The finished shoulder board is a trapezoidal tube. The height measures exactly 4-1/4". The top (narrow) edge measures exactly 1-7/8". The bottom (wider) edge measures exactly 2-1/2". There is to be an embroidered stripe placed exactly 5/16" from the top and bottom edges of the fabric. The top stripe, at the narrow edge, has a diameter of 1/8". The bottom stripe, at the wide edge, has a diameter of 1/4". Each stripe must cover the front of the epaulette completely, wrapping around to the underside of the board no less than 1/8". Stripe color to be the same Permagold thread used for insignia.

Finishing: The finished shoulder board will be pressed flat. Top and bottom edges top-stitched, with excess fabric trimmed to 1/4" size, and neatly folded under. All loose threads to be trimmed. Inside seam to be double stitched and back-tacked at ends, with seam split during pressing to reduce bulk, edges trimmed. All threads must match color of ground fabric, and must be trimmed away. STANDARD INSURANCE REQUIREMENTS FOR BIDDING PURPOSES

All required insurance under this bid shall conform to Jefferson Parish Resolution No. 113646 or No. 113647, as applicable. Contractors may not commence any work under any ensuing contract unless and until all required insurance and associated evidentiary requirements thereto have been met, along with any additional specifications contained in the **Invitation to Bid**. Except as where otherwise precluded by law, the Parish Attorney or his designee, with the concurrence of the Director of Risk Management or his designee, may agree on a case-by-case basis, to deviate from Jefferson Parish's standard insurance requirements, as provided in this Section. Vendors requesting deviation therefrom shall submit such requests in writing, along with compelling substantiation, to the Purchasing Department prior to the bid's due date. Any changes to the insurance requirements will be reflected in the bid specifications and addenda. Prior to contract execution and at all times thereafter during the term of such contract, contractors must provide and continuously maintain all coverages as required by the foregoing Resolutions, and the contract documents. Failure to do so shall be grounds for suspension, discontinuation or termination of the contract.

For bidding purposes, bidders must submit with bid submission a current (valid) insurance certificate evidencing the required coverages. Failure to comply will cause bid to be rejected. The current insurance certificate will be used for proof of insurance at time of evaluation. Thereafter, and prior to contract execution, the low bidder will be required to provide final insurance certificates to the Parish which shall name **the Jefferson Parish, its Districts Departments and Agencies under the direction of the Parish President and the Parish Council** as additional insureds regarding negligence by the contractor for the Commercial General Liability and the Comprehensive Automobile Liability policies. Additionally, said certificates should reflect the name of the Parish Department receiving goods and services and reference the respective Jefferson Parish bid number.

Changes to Jefferson Parish Bidding Information

The Jefferson Parish Purchasing Department would like to make vendors aware of the following changes:

Total Bid Price Must Include the Cost of Naming Jefferson Parish as Additional Insured:

Bidder acknowledges that Bidder recovered the cost of any required insurance in the contract price as required by La.R.S. 9:2780.1 and that Bidder recovered any such cost for the purposes of insuring an obligation to indemnify Jefferson Parish, defend Jefferson Parish, or hold Jefferson Parish harmless and that Bidder's indemnity liability is limited to the amount of the proceeds that are payable under the insurance policy or policies that Bidder has obtained.

Electronic Procurement: Beginning November 1, 2020, Jefferson Parish will no longer accept manual bid submissions; and will only accept bid submissions electronically via our e-Procurement system, Central Bidding. Central Bidding can be accessed by visiting either www.centralbidding.com or www.jeffparishbids.net. All bidders will be required to register with Central Bidding. Jefferson Parish vendors are able to register for free by accessing the following link:
<https://www.centrauctionhouse.com/registration.php>.

Probable Construction Cost: Per Jefferson Parish Administrative Policy, the probable construction cost is not revealed in the Jefferson Parish Bidding Documents. Jefferson Parish Administrative Policy has changed and a range of the probable construction cost will be stated in the Jefferson Parish bidding document, entitled Important Notice to All Bidders – Bid Requirements. Per Louisiana Public Bid Law, the probable construction cost will be read at the bid opening.

Insurance Requirement: All bidders must provide proof of valid insurance in the required amounts as stated in the Standard Insurance Requirements for bidding purposes. Failure to provide the proof of valid insurance in all of the required coverage amounts will result in bid rejection.
